### In and Around the Classroom

The first week of school will be spent on learning procedures and getting to know one another. I have lots of fun activities planned to help us achieve this goal. The second graders and I will play a game call, "Guess Who?" All the instructions on how to play can be found in the green bag your child brings home from school.

Did you know that you can place your child's book order directly on Scholastic's website? If you are interested in placing an order online, our unique class code is HHY6D. I place Scholastic book orders at the end of each month.
